**Special Session Call for Papers
International Symposium on Computer, Consumer and
Control, 2014**

Special Session organizers: Prof. Chia-Nan Wang

Session name: *Quantitative Management and Innovation*

Call for papers

Management has increased their economic significance in the post-industrialized society. However, it raises great challenges for practitioners and scholars in managing firms, industries and nations for both the technology-base and the innovation-base. It has gradually become vivid that the development of the industrial application might provide an essential growth engine to all parties. Consequently, this section will focus on the new theories, ideas, frameworks, and tools dealing with these convergences. Prospective authors are invited to submit original papers to the Special Session.

The topics of interest include, but are not limited to

- Decision Making in Technology Management
- Strategic & Business Aspects of Systematic Product/Process/Service Innovation
- Technical Aspects of Systematic Product/Process/Service Innovation
- Theories and applications for education/training of systematic innovation
- Product Development and Production Management
- Logistics and Distribution
- Manufacturing Management
- Product Development Process
- R&D Management
- Technological Innovations
- Technology Alliances

Prospective contributors are invited to submit their paper to Prof. Chia-Nan Wang by email cn.wang@cc.kuas.edu.tw or cn.wang@newfancy.com. All presented papers will be published in the Proceedings and the excellent papers will be recommended for publication in the special issue of SCI Journal.
